

## Murchison Middle School

### STUDENT APPLICATION

## 6<sup>TH</sup> GRADE ADVANCED THEATRE PRODUCTION 2019/20

Murchison's 6th grade Theatre Production class is a year-long elective with class time devoted to preparing and presenting one-act plays, affording students the opportunity to learn the art of acting and design through practical experience.

This advanced class is an intense, fast paced exploration of high level concepts for students who are internally driven, highly responsible and confident in their creative abilities. Students applying for this class should truly love the play production process. They should desire to work hard, collaborate well with others, and enjoy being challenged.

This class will produce two one-act plays during the school year: classic children's literature and Shakespeare. Students can apply as an actor or as a behind-the-scenes technician (lights, sound, etc). To be considered for the class acting applicants must attend an audition and technician applicants must attend an interview.

Please complete application and email it to [nancy.owens@austinisd.org](mailto:nancy.owens@austinisd.org). You will then be contacted to schedule the audition/interview.
