

TO: Parents of Hill 5th graders

The Hill Art Department is excited to announce that all Hill 5th graders will get to visit The Contemporary Austin in the next few weeks! Students will see an art exhibition at The Jones Center, 700 Congress Avenue. This exhibition features three contemporary artists: Jessica Stockholder, Robert Davidson, and Humu Bhabha.

The students will be prepared for the museum trips during art class time, as well as discuss the artists' work and museum manners. While at the art museum, students will enjoy a docent-led tour and create hands-on activities in the Community Room. Our Contemporary Austin Study Trip correlates with Art TEKS III: Historical and Cultural Relevance.

A HUGE "Dillo Cheer" to our Hill PTA for generously funding this trip---and a big thank you for sharing your creative children with us! Please contact us if you have any questions or concerns.
